

Halloween Nights

at Eastern State Penitentiary

REMIXED!

Welcome to *Halloween Nights: REMIXED!* The final two nights of our 2022 season--November 11 and 12--offer a different experience than the 30 nights that came before.

Lights Out!

We're turning off the lights in four of our haunted houses. With the light from just a single glowstick leading the way, you will be left to find your own way out.

And yes... you can still opt-in for an even more intense experience.

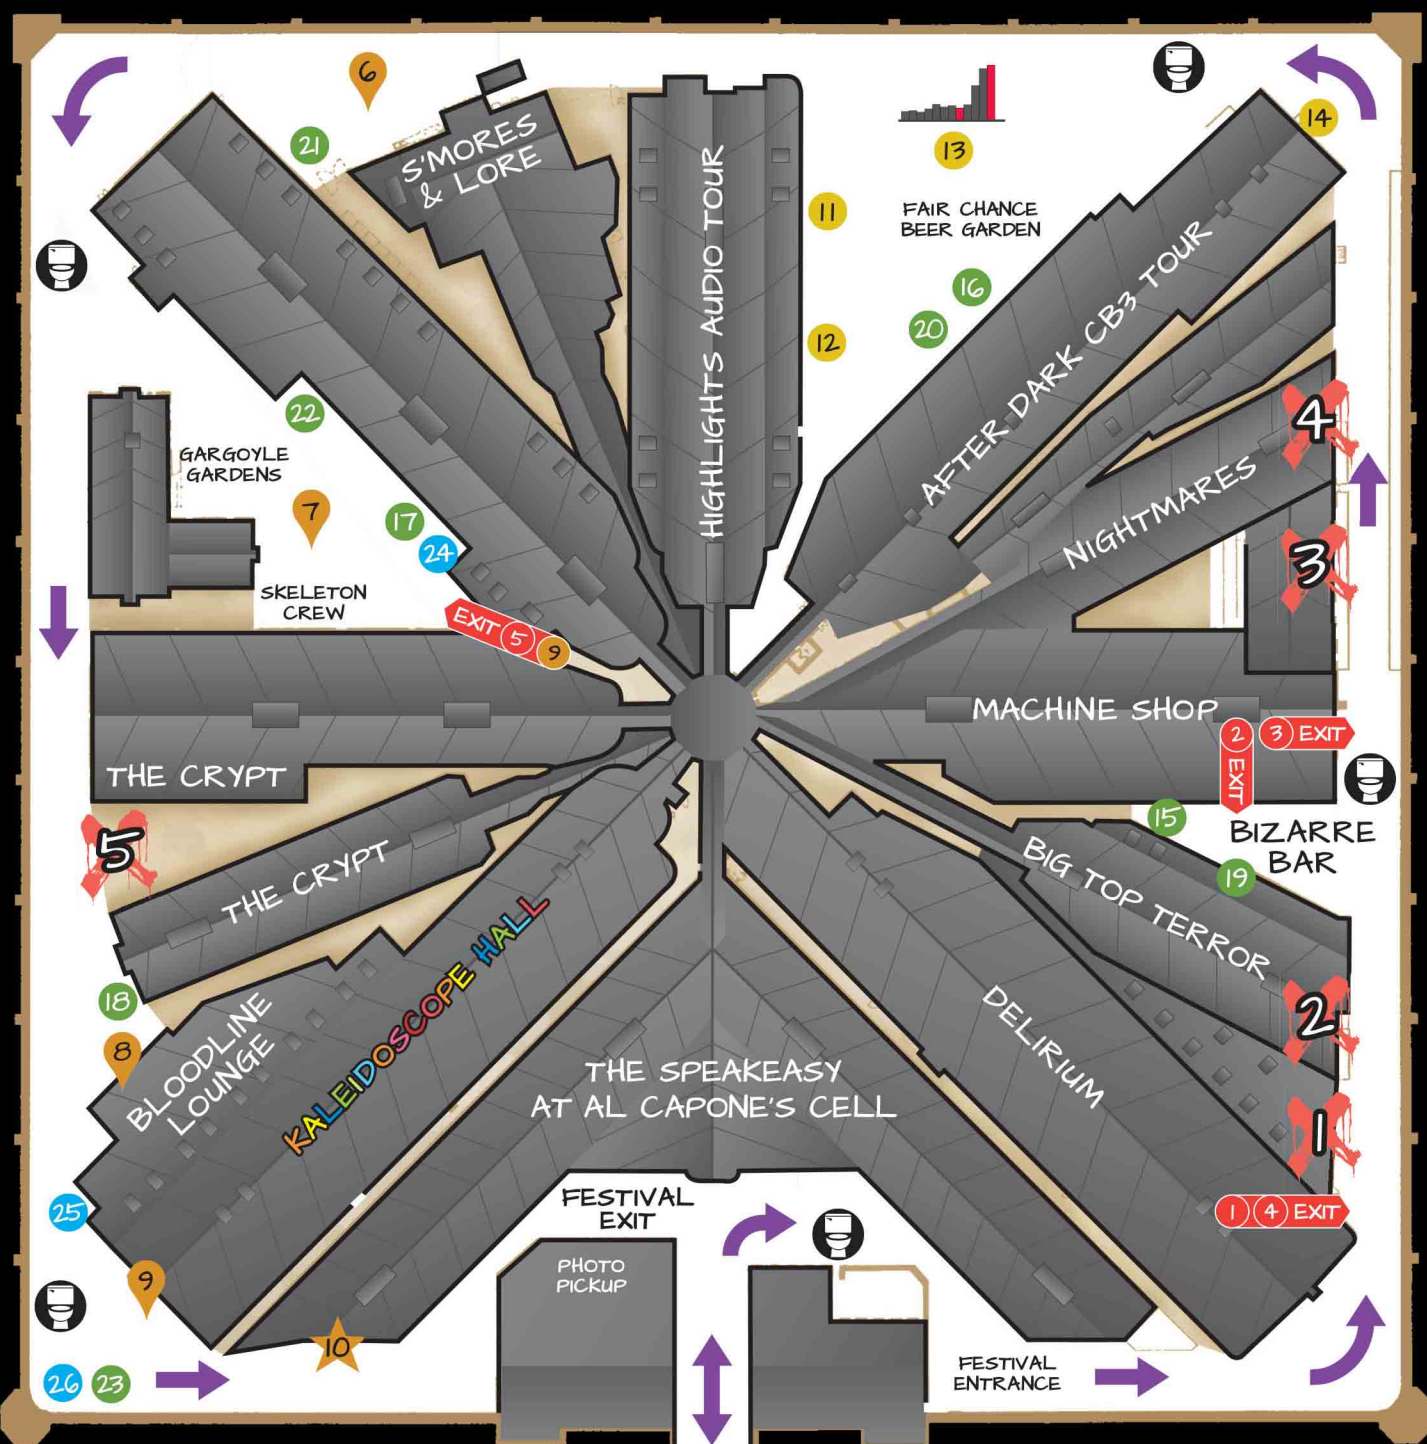

Sugar Skull Skeleton Crew!

As always, enjoy electric dance performances by The Skeleton Crew every 30 minutes in Gargoyle Gardens. During REMIXED!, they'll be sporting special sugar skull inspired faces, so be sure to get a closer look and snap some selfies.

★ Holiday Songs in The Speakeasy!

Live performances by lounge singers in The Speakeasy at Al Capone's Cell will feature ghoulish versions of classic holiday songs. *VIP Ticketholders Only.*

And keep your eyes open... you never know what other REMIXED! fun we'll have in store...
